Kraków

ISTQB CTFL certified software tester with 7 years of experience in Quality Assurance (QA). I specialise in manual, functional, integration and end-to-end (E2E) testing of web applications, with a strong focus on sports betting in online casinos, payments and identity verification (KYC). I optimise testing processes, manage defects and implement QA standards in Scrum and Waterfall teams. I detect defects early through business requirements analysis, SQL database verification and system log analysis.

Languages: Polish: native, English: B2.

WORK EXPERIENCE

NOVOMATIC Technologies Poland **07.2021 - 10.2026**

Quality Assurance Engineer

- Specialisation: sports betting in online casinos (sportsbook), functional and regression testing of bets and their settlement
- Casino Online project: end-to-end quality assurance of an online entertainment platform (web / mobile)
- Player lifecycle testing, from registration and identity verification (KYC) to profile management
- Verification of integrations with payment gateways and of payments, deposits and withdrawals
- Functional and regression testing of slot games, with a focus on settlement correctness and player balance
- Independent manual testing (functional, regression, integration) of web and mobile (iOS/Android) application modules
- Design and maintenance of test documentation: test scenarios and test cases
- Monitoring and analysis of system logs, shorter defect diagnosis time and better communication with developers
- SQL queries to verify business operations on PostgreSQL and to prepare test data
- Release coordination (release management) on the QA side, mentoring of junior team members
- Ongoing work with the client, business meetings with the PM, presentations of solutions for the client
- Active participation in creating and analysing business requirements
- Participation in Scrum ceremonies (Daily, Planning, Retrospective), working with Product Owners and developers

Sii Poland **Kraków | 10.2019 - 07.2021**

Junior Test and Analysis Engineer

- Main project: Business Online ABB, testing a global enterprise-class B2B e-commerce platform for the ABB group
- Manual testing of e-commerce platforms (functional, usability); defect reporting and lifecycle management
- Verification of business documentation and preparation of test scenarios based on it
- Mini project "IA Extended": independent responsibility for an additional area of requirements in an isolated environment
- Full responsibility for test scenarios, defect reporting, retests and regression testing

EDUCATION

Master's degree, Internal Security, University of National Education Commission (UKEN) in Kraków, 10.2015 - 09.2017

SKILLS AND SPECIALISATIONS

- iGaming
- payments
- KYC
- SQL
- PostgreSQL
- Jira / Confluence / Xray
- TestLink
- Manual testing / functional testing / regression testing / integration testing / E2E testing
- Test plans
- test cases
- test scenarios
- test documentation

CERTIFICATES

- ISTQB Certified Tester Foundation Level (CTFL), 2019, no. 12361/FLCT/2019
- 04.2019 CodersLab, Manual Tester
- 10.2025 Training: Building an AI agent supporting manual testers, using Ollama
- 11.2024 Training: Web application test automation in JavaScript and Playwright
- 01.2022 Course: Cypress.IO, web application test automation in JavaScript

KEY ACHIEVEMENTS

- I implemented a new client and trained its team to use the system before the new platform went live in production
- I refined requirements from fragmentary client input, supplementing them with domain knowledge about the proposed functionality
- I managed the release process (release management) on the QA side
- I fully managed the integration of an external betting platform: contact with the client and the vendor, work with the PM and the full business communication flow

Bachelor's degree, Internal Security, Rzeszów University of Technology, 10.2012 - 07.2015

I agree to the processing of personal data provided in this document for the recruitment process pursuant to the Personal Data Protection Act of 10 May 2018 (Journal of Laws 2018, item 1000) and in accordance with Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and the free movement of such data, and repealing Directive 95/46/EC (General Data Protection Regulation).
